\$1/mo standard edition

There are two versions of
printed Pin Headz.

The LE or limited edition (top)
and the standard (bottom).

Each LE copy has a different unique hand drawn head on the cover. I take a photo of my favorite and use that head on the standard edition. Each LE is numbered on the back as well.

The standard edition isn't limited, hand drawn or numbered. For #1-3 I did 100 LE copies of each. Then the pandemic hit. I only did 25 LE copies of 4-6. But now with subs and places opening back up I decided to make 50 LEs of #7. Hopefully #8 will be back up to 100 LEs and more local distribution.

Ten years ago it was a struggle to find any quality pinball videos. The ones on YouTube were low effort and low quality. Then about 9 years ago PAPA (Professional & Amateur Pinball Association) started posting tournament videos. **The first time I saw PAPA stream live I was hooked.** A few years later Jack Danger (Dead Flip) persuaded the video game streaming site Twitch to add a pinball category. Most live pinball streams happen on Twitch, and there is almost always someone streaming.

YouTube Tons of videos of all varieties.

PAPA TV Archive of tutorials and game play videos

There are always new people streaming. And there are lots of great established streamers too. Here are some pinball streamers we recommend.

What the Flip, SDTM Pinball, laser_los, ACEpinball, Dead Flip, IEpinball, Buffalo Pinball, ColoradoPinball

Hot Wheels

This is the third game from **American Pinball** and first licensed title. Joe Balcer designed the game. The shots look smooth and satisfying. You can customize your game by choosing 5 different Hot Wheels cars that are placed around the playfield. The rules are deep and complex which would be perfect for a home game.

The LCD delivers amazing stop motion animations, scores and useful game information. The graphics borrow from the kid friendly **Hot Wheels City** YouTube series. This game would fit nicely in a family with young children.

This might be the best game from American Pinball ever. Their previous games were Oktoberfest and Houdini.

Live Trivia

Pin Headz hosts two monthly online trivia games. We use myquiz.org and Google Meet. **\$12 cash prize for each game if we have over 6 players.** Prize increases if we have over 12. See the Facebook events for more details.
