Despite what we said last month, it doesn't look like **deeproot** will be shipping a game anytime soon. **This Week in Pinball** released some details about what they are working on, but it seems like they still have a long way to go.

Stern released **Avengers: Infinity Quest** late last month. This is Keith Elwin's third game and it looks really good.

Jersey Jack Pinball is expected to announce the heavily rumored **Guns 'N Roses** game this month.

Spooky Pinball

In 2009 **Charlie Emery** was just a guy working in a print shop who loved pinball.

In 2010 Charlie and family started the **Spooky Pinball Podcast**, a monthly pinball podcast. This was one of the first pinball podcasts and still continues a decade later. In 2013 Charlie quit his print job and formed **Spooky Pinball LLC**.

The next year they shipped their first game, **America's Most Haunted**. Over the next year they made and sold all 150 games.

Scott Danesi designed their newest game, **Rick and Morty**. The game is based on the **Cartoon Network's** TV show. Danesi's first game was Total Nuclear Annihilation. Last year they started a second monthly podcast, **Spooky Movie Podcast**. Where they discuss horror films and monster movies.
