Pre Plunge Rituals

Many pinball players have rituals they perform before plunging the ball. Common ones are wiping down the lockbar, testing the flippers, adjusting clothing and getting into their playing stance.

Some players do the exact same rituals every time while others mix it up. Rituals are part functional, like testing the flippers, but for some people these rituals are part superstition.

A good functional ritual is checking matchplay before every plunge to make sure you are the correct player.

So Long **AL:** Mall

Arcade Legacy at Forest Fair Mall closed on Sun Aug 28th.

This leaves **Newport** as the only **AL** location remaining for now. But big things are coming. They are opening a **new location in Sharonville** in a couple months. **Arcade Legacy** started in 2009 at a location in **Fairfield** and was called **Arcade Legends** back then. A year later they moved to the **Springdale** area and changed the name to **Arcade Legacy**. They finally moved to the mall in 2012.

The mall was dead even back then. But owner **Jesse Baker** and his legion of loyal customers helped keep this arcade alive and thriving for over a decade. In recent years, **Arcade Legacy** expanded the pinball selection at the mall and hosted tournaments. This mall holds a special place in my heart as I came here in the 90s when I was in high school. We would eat at **BW3s**, watch a \$1.50 movie at **Super Saver Cinema** and play pinball at **Time Out**. I remember playing **Rocky & Bullwinkle** and **Star Trek TNG** here when they were new.
