Size Matters

Flippers come in many shapes and sizes. Here are the three most common.

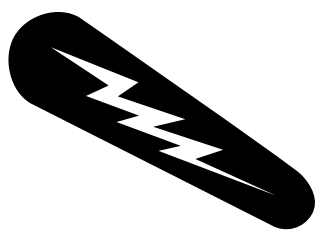

Three-inch

This is the standard flipper found on most games.

Two-inch

All flippers were 2" until the 1970s. Some modern games use two-inch flippers as additional flippers.

Lightning

These flippers found on games like **Doctor Who** are slightly shorter than standard three-inch.

Phoebe's Pinball Palace Fall Matchplay

Each summer **Larry** and **Phoebe Smith** host the Cincy Pinball Championship event at their home in Batavia. But this year they also hosted a fall event. 45 people competed for a trophy, cash and WPPRs. They had 39 games available to play in the tournament including rare titles like Warlok, CSI and Cosmic Gunfight. The tournament started with 8 rounds of matchplay. The top 16 went on to a PAPA style finals with 10 banks of 3 games. High seeds picked bank or position. Top two in each group advanced.

Despite qualifying 3rd overall, I did not advance in the finals. Trent Augenstein, owner of Tilt Amusments won the tournament 25.11 WPPRs cash and a cool trophy! In second was Arcade Legacy owner Jesse Baker. In third was our host Larry Smith and in 4th was Matt Gauslin.
